Date: 02/11/2008 12:38 PM

Chip,
Can you add Tom Gainer's name to the list?

See ya soon.
Jim

Subject: MOU meeting - Access to 5th Floor in Fox Tower

If you are planning to attend the MOU meeting today, please be aware that there is controlled access to the 5th Floor at the Fox Tower. Please check with Security at the main information desk and tell them you will attending a meeting with EPA and they will unlock the 5th floor. We will provide them with a list of attendees ahead of time.

You can also call 503 326-3250 (Kim) or me (503) 326-2678 if there is any problem.

thanks
Chip

Hi MOU Partners,

Based on feedback I received from you (only a few responded to my e-mail), below is a draft agenda for our Partners meeting next Monday. We can make final changes/add any late-breaking items to the agenda on Monday. Logistical details are:

Date: February 11, 2008
Time: 1:00 - 4:00 pm
Location: EPA Oregon Operations Office Conference Room,
Fox Tower, 805 SW Broadway, Suite 500 (Fifth floor)

Dial-In Number: Non- and Conference Code, Non-
Just follow these steps:
Call the "Dial-In Number"
When prompted, enter your Conference Code number
followed by #.
When prompted, press * to identify yourself

I'm looking forward to seeing you all!

Deb Yamamoto, Unit Manager
Site Cleanup Unit 2
U.S. Environmental Protection Agency
M/S ECL-115
1200 Sixth Avenue
Seattle, WA 98101
(206) 553-7216

Draft Agenda

1. Introductions
2. Working together - how are we doing?
3. Preview/Prep for the Milestones Meeting

Update on where we are in the process

RI/FS - brief project status - Chip Humphrey and Eric

Blischke

Source Control - Jim Anderson
Enforcement Update - Lori Cora

104 (e) letters and allocation meeting (how do we share information?)
Arkema

Gasco

Update on Trustee Activities - Billy Barquin

Issues for Milestones Meeting - Chip and Eric

Process for resolving Round 2 comments

LWG Initial Reaction List

- MCL application at the Site
- clam consumption scenario for human health
- risk assessment and uncertainties
- riparian zone jurisdiction
- study area boundary

Schedule - Chip and Eric

What's been accomplished to date

Are we on schedule?

Challenges to staying on schedule

Other Issues?
